PRINCE SEEKS QUIET

Goes Out on Sound in Motor Boat,
Leaving Destination and Hour
of Return Unmentioned —
Likes Rogers' Jokes

Sept. 4. — The Prince of Wales tonight took to a motor boat and headed on the choppy waves of Long Island sound the isolation that has been his lot since the death of his mother, the queen. The prince was seen in the privacy of his boat, and it was reported that he was in a state of mind to enjoy his vacation in democratic America.

At 5 o'clock he left the Couden place on a launch, sending word to his attendants at the J. A. Burdine house, his vacation residence, that he would not be back to dinner. He did not return. It was said at the prince's house tonight that no body there knew precisely where he had gone nor when he would return. It was assumed that he would come in very late, as usual.

The fact that he was immensely pleased with Will Rogers' jokes last night, caused this vicinity to discuss tonight a rumor that a New York theatrical company would be brought here to entertain the British heir, without subjecting him to the strains of Broadway.

Major C. N. Solbert, the prince's American aide, said tonight that he knew of no such plan.

Threatening Letter Received.

Every automobile that entered the ground of the Burdine estate was required tonight to come to a full stop while trained men scrutinized it to satisfy themselves that its occupants were on a lawful errand. These precautions were said to be the result of a letter threatening the life of the prince which was turned over to the New York police today.

The letter, written in two different inks on four sheets of cheap paper, was postmarked at Villamont, N. Y., and was addressed to the prince at the Burdine estate, 11 East 42nd street, New York city. There is no such address nor is there any named Burdine connected with the estate, the officers of which are in the Whitehall building.

Whether or not the prince was injured by the threat could not be known.

The prince's guard is made up of two Scotland Yard inspectors, a squad of New York state troopers, and other special officers.

Police regard the letter as the product of a probably harmless disordered brain.

A detective of the bomb squad, Louis Hermann, was sent from Manhattan police headquarters to inspect the letter and give the alarm. He also conveyed the report from the New York authorities that if the prince should decide to visit this city, he should be accompanied by a large body of police and other officials.

Police regard the letter as the product of a probably harmless disordered brain.

REED AND MELLON VISIT PRESIDENT

Latter Receives Report on Euro-
pean Condition—Silent on
MacDonald's Proposal

Washington, Sept. 4. — President Coolidge gave some attention today to reports on the European situation received from Secretary Mellon and Senator Reed of Pennsylvania, who have just returned from overseas. He also concluded work on the speech he will deliver in Baltimore Saturday at the unveiling of the Lafayette statue.

Further encouraging reports on the political outlook were presented to Mr. Coolidge, Senator Harold Hiram of Oklahoma, declaring his state would go Republican, both in the presidential and general contests. Senator Reed predicted that Pennsylvania would elect the Democratic representative in its congressional delegation.

Although discussing the foreign situation in the brief conference with some of his visitors, Mr. Coolidge made no comment on the proposal of Prime Minister MacDonald on a disarmament conference. He recently made it known he did not consider the time appropriate for such a conference until the reparations plans had been put into complete operation.

Both Secretary Mellon and Senator Reed were enthusiastic over the settlement of the reparations problem. Senator Reed declared the time had arrived for other European countries to open negotiations for settlement of their war debts to this nation.

PART OF LU'S FORCES ABLE TO MAKE ADVANCES

Cheking Army Holds Position in
Center and Pushes Kiangsu
Troops Back in Haw-
angtu Sector

RESULTS UNCERTAIN

Standing Grain Prevents Accurate
Survey—Reinforcements Com-
ing Up—Pekin Officials' Hands Are Tied

(By the Associated Press)

Shanghai, Sept. 4. — Although one of the three armies of General Lu Yung-shan, tuchen of Cheking, who is fighting to retain control of the Yangtze river, the Cheking army held its position in the center and pushed Kiangsu troops back in the Hawangtu sector on the river. The Kiangsu force used artillery in its attacks on the Cheking line near Luobu, some of the shells falling in that town and damaging the Seventh Day Baptist Mission hospital in which two American women, Miss Grace I. Crandall and Miss Susie H. Burdick, remained with their patients.

Effect of Fighting Uncertain.

Both sides are said to be rushing up reinforcements, besides, men and women in the affected area are being conscripted, causing a further influx of refugees into Shanghai, the Chinese quarters of which is already crowded with people fleeing to escape the fighting.

General Lu has two further lines of defense. The second, held by 20,000 men, the same number as engaged in today's battle, extends from near the boundary of northern Cheking to a point west of Wusong, the outer part of Shanghai. The third line, some 8,000 strong, is stationed at the mouth of the Yangtze river.

Much of today's fighting occurred in fields where the grain is still standing, so that the effect of the firing was difficult to discern.

Pekin Officials' Hands Tied.

(By the Associated Press)

Pekin, Sept. 5. — The Peking cabinet can neither stop nor encourage the conflict raging near Shanghai between the forces of tuchens of Cheking and the Kiangsu forces, and will devote itself to the maintenance of peace and order within the metropolitan area, according to the Asiatic News, pretending to reflect the attitude of the central government.

There have been no troop movements in north China, the president's office and ministry of war being content that the Kiangsu forces are sufficient to cope with the Cheking troops without assistance from the army of General Wu Pei-fu, the military chief of the Peking government.

ARBITRATION ONLY MEANS OF SECURITY

MacDonald Says British Have No
Faith in Usefulness of Mil-
itary Alliances

(By the Associated Press)

Geneva, Sept. 4. — The British prime minister, Ramsay MacDonald, with characteristic forcefulness and precision, set forth before the assembly of the League of Nations today the British government's attitude on the harassing questions of security and disarmament.

Arbitration was the keynote of his speech. The problem of aggression, he declared, could best be handled by a court or courts of arbitration. His government had no faith that military alliances could bring security.

Everything in his power would be done by the British empire to widen the influence and prestige of the League of Nations, but Germany must become a member of the league.

"If we cannot devise a system of arbitration, do not let us fool ourselves that we are going to have peace," the premier exclaimed.

Mr. MacDonald's references to the league were in the American government was cooperating in the maintenance of peace.

General remarks on the league were made by many Americans. These references and his prediction that one day America would enter the league, when Europe herself had given evidence of her desire for peace, were widely commented upon by the delegates generally to voting the British belief that the United States would not abandon her collaboration with Europe.

INTERMENT TODAY

Wheeling Station With Body
—Persons in All Walks
of Life Mourn

Wheeling, W. Va., Sept. 4. — At the scene of his last race, a crowd of 5,000 today paid eloquent tribute to the memory of Edward E. (Pop) Geers, noted business driver and "Grand Old Man of the trotting turf" who drove to his death yesterday at the West Virginia State fair.

Just at the hour of 2 o'clock, when Geers had been scheduled to drive the half-mile track record, the horse was led onto the track in front of the grand stand. It was draped in black, in memory of the man who had driven it to victory many times.

A hush fell over the great throng as the horse was led slowly down the track while a funeral dirge was played in the grand stand.

As the draped horse stood before the thousands of spectators, Howard M. Gour, assistant secretary of agriculture, mounted the judges' stand and paid a glowing tribute to the late reimsman.

Scores Pay Silent Tribute.

Wheeling, W. Va., Sept. 4. — The body of Edward E. (Pop) Geers, dean of the world's horse race drivers, who went to his death on the West Virginia State fair track yesterday, was taken aboard a train today for the journey to his old home at Memphis, Tenn. A few minutes later the funeral, hearing relatives and friends of the famous driver, left for the south.

Scores of persons who witnessed "Pop's" last race, stood at the station and along the railroad right-of-way in silent tribute.

Funeral Will Be Held Today.

Memphis, Tenn., Sept. 4. — The funeral of the late Edward E. Geers, veteran reimsman, who was killed on the track at Wheeling, W. Va., yesterday when his horse stumbled and fell, will be held here today at the home of his daughter, Mrs. Wallace Cunningham, with whom he lived. Interment will be in the cemetery at Columbia.

"Pop" Geers had lived here 20 years. He was known to thousands of people in this section, who shared with him the joy of the victories he won on the track.

Sorrow caused by news of his death was not confined to the ranks of sportsmen. It extended to every walk of life.

FLYERS MAY LEAVE FOR BOSTON TODAY

Condition of Weather Doubtful—
Major MacLaren Will Greet
Americans on Landing

(By the Associated Press.)

Pictou, N. S., Sept. 4. — Late tonight the indications were that fine flying weather would prevail tomorrow for Lieutenant Louis H. Smith and the other American round-trip flyers if they decide to make a jump from Pictou to Boston. The storm had subsided and the barometer was rapidly rising.

It was said that under ideal weather conditions the planes could be prepared for a hop off by 10 o'clock.

The United States torpedo boat destroyer Conclinn reported tonight that she had the spare four spreader bar required for Smith's machine on board and was lying in the lee of Henry island, off Pictou, harbor, waiting for daylight before coming in. Lieutenant Smith, who commands the around-the-world flyers, has ordered his men up at 5 o'clock in the morning. This is believed here to indicate the possibility of a start for Boston by the planes tomorrow.

Late tonight the cruiser Milwaukee informed Lieutenant Smith that a storm of violent intensity was approaching the Nova Scotia coast and recommending that the start for America territory be delayed. The order for his men to be up at 5 o'clock still stands, however, and at that hour the weather reports available will be examined.

MacLaren to Greet Americans.

Ottawa, Sept. 4. — American globe circling aviators were such "good sports" in their contacts with British flyers who also sought to blaze the air trail around the earth, that the leader of the British squadron, Major A. Stuart MacLaren, will hurry to Boston to greet the Americans on their return to home soil.

FINE RECORD CAUSED CHOICE OF PERSHING

Newton Baker Writes A. E. F.'s
Commander Selected Because
He Could Obey Orders
in Every Detail

DIFFICULT TASK

General Had Delicate Job in Mex-
ico—General Scott and Wilson
Approved After Hearing
War Secretary's Report

Indianapolis, Sept. 4. — General Pershing's military record and his loyalty to orders from Washington while in command of the then Mexican punitive expedition were the outstanding factors in his selection as commander of the American Expeditionary Forces in France, it is disclosed in a letter from Newton B. Baker, former secretary of war, which the American Legion Weekly prints tomorrow.

Seven years afterward, in an issue which the Legion has devoted to commemorating General Pershing's retirement from active army service September 12, the "inside story of his appointment as commander-in-chief by the late President Woodrow Wilson" is first told, according to the story.

Records of Many Studied.

"Pershing's record and especially his fidelity to orders from Washington while in command of the then present punitive expedition into Mexico, were the outstanding factors in the choice," continues the story.

Mr. Baker's letter, written from his law offices in Cleveland, in full, follows:

"The story you ask is interesting and has never been told, and I know of no reason why you should not have it exactly.

"When it was determined in 1917 to send an expeditionary force to France, I remarked to General Hugh L. Scott, chief of staff, that it would be necessary to send a commander who would ultimately become commander-in-chief of a very large force, and asked him to have sent to my house the records of all the general officers and senior colonels of the regular army.

"These records I studied for some days and finally, purely on the basis of the records, selected General Pershing, whom I had never seen. My judgment, however, was reinforced by the fact that General Pershing had been in command of the punitive expedition in Mexico, with which I had been in daily contact by telegraph, over a long period of time.

Followed Orders Explicitly.

"The punitive expedition in Mexico had a most difficult and responsible task and its leader was required to exercise tact, self-restraint and consideration for the rights of the Mexican people in a very high degree. The desire of the President with regard to that expedition were explicit and positive, and the limitations imposed on General Pershing's freedom as a military commander were dictated by considerations of public policy rather than military expediency. General Pershing met all the requirements with splendid ability and loyalty to the wishes of the President as commander-in-chief.

"Further, the (Mexican) expeditionary force under General Pershing was the largest body of troops in active service which any American general (then on the active list) had commanded.

"After I had made my selection I submitted it to the criticism of General Scott, who approved it. I then carried it to President Wilson, who carried it with him briefly, told him how I had arrived at it, and it met with his approval. I at once telegraphed General Pershing in code to report to me at Washington, which he did. He and I had many conferences, where, in cooperation with the chief of staff, the preliminary plans for the expedition were made.

BIRTHDAY PARTY ENDS IN ARRESTS

Too Perfect Acoustics of Natural
Amphitheatre Indicate
Apparent Orgy

Los Angeles, Sept. 4. — Too perfect acoustics in the natural amphitheatre in the hills back of Hollywood were responsible for the arrest of 25 members of the motion picture industry at a birthday party in Laurel canyon early today, according to police officers who participated in the raid.

The celebrants, including Jack Sherrill, former motion picture director, and A. L. Sherrill, Jr., in whose home the party was progressing, were arrested on the complaint of a woman who had been invited.

When, however, it developed that no odor of intoxicants could be detected on the breath of any one of those arrested, the city prosecutor refused to issue complaints against any except the two Sherrills, who are alleged to have been on the point of leaving the party at the time of the raid.

It was then explained that the acoustics of Laurel canyon are almost as remarkable as that of Hollywood bowl, a nearby natural amphitheatre where an audience of 20,000 can hear a speaker whisper, and so, in Laurel canyon, a quiet birthday party at which no liquor had yet been consumed, deceived many residents, police said, into thinking that a drunken orgy was in full blast.

CHARGE GARAGE MAN WITH REID'S DEATH

Coroner's Jury Recommends Issu-
ance of Warrant—Smith Previ-
ously Released Under Bond

(By the Associated Press)

Herrin, Ill., Sept. 4. — John H. Smith, garage owner and local Ku Klux Klan leader, was charged today in the verdict of the coroner's jury with having shot and killed Chester Reid, one of the men who lost their lives in the Klan and anti-Klan fight here last Saturday.

The jury recommended that Smith be held over for the grand jury, which meets September 22, and a warrant be issued for his arrest.

Coroner William McCawen, who placed in the hands of Deputy Sheriff Harry Walker for immediate service, up until a late hour this afternoon, however, the warrant had not been served, although Smith was still at his garage when the jury met.

"I will be glad to be served by my friend, Uncle Harry Walker," Smith told newspapermen. "The finding of the coroner's jury can not affect my case, because I am already charged with murder and am now out on bonds of \$10,000."

Smith was arrested Sunday afternoon with nine other men and taken to Harrisburg, Ill. All were released on a writ of habeas corpus the following day and returned to Herrin, where he filed bonds for \$10,000.

BUMPER CROPS MAY MEAN NORTHWEST CAR SHORTAGE

Large N. D. Sept. 4. — Northwest farmers are facing the possibility of one of the most serious car shortage situations in their history. R. F. Gunkelman, vice president representing North Dakota on the north west regional advisory board of the American Railway association, declared today.

The movement of grain, potatoes, and livestock this fall is the heaviest northwest farmers have ever had to meet, he said, and added that this situation was the cause of a meeting of the advisory board which has been called at Minneapolis Saturday.

"Although the situation promises to be another 'good' one, namely, no nation-wide crop shortage, it is a very real and serious one, however, and must be met immediately," he said.

REORGANIZATION OF RAIL LINE MAY NOW PROGRESS

New York, Sept. 4. — The action of the Denver court in denying the petition of Harold Palmer of New York and other bond holders of the Denver & Rio Grande Western railroad to increase in the foreclosure suit has removed the last obstruction in the way of the proposed sale and reorganization of the road, the reorganization managers here said today.

The next step in the reorganization of the road, it was indicated, would be the liquidation of the road and the turning of a state for the foreclosure sale. The reorganization managers then said they would have the property and the debt of the road, and the reorganization will be assumed by the Missouri Pacific and Western Union railroads.

FIVE-CENT CUP OF COFFEE MAY SOON BE THING OF PAST

Chicago, Sept. 4. — The five-cent cup of coffee, for many years a restaurant standby, is soon to become a thing of the past.

The Brazilian Government, said J. A. Fitzgibbon of Detroit, who today addressed the convention of the National Restaurant association, is responsible for the present coffee situation as it controls the coffee market by limiting the number of bags of coffee which are shipped.

"Even without this added difficulty," the speaker asserted, "the increase in all our fixed expenses has made it so that when we sell a cup of coffee at five cents today, we are actually paying people to drink it. Many restaurants have had to go out of business because of this fact."

"Since prohibition," he added, "coffee drinking has greatly increased."

BURNS' REPORT ON HIBBEN DISCOVERED

Investigator Accused Captain of
"Revolutionary" Utterances
and Activities

New York, Sept. 4. — A report long since reported to have been missing from the war department files, in which William J. Burns, formerly of the war department, accused Captain Faxon Hibben of "revolutionary" utterances and activities, turned up today at the meeting of the army board of inquiry investigating Captain Hibben's fitness to continue as a member of the officers reserve corps.

The document, which Captain Hibben said, he often had futilely sought in the war department files that he might prepare a defense against the charges, was discovered by the accused officer when he again took the stand in his own defense. In going over a mass of papers which had been introduced by the prosecution the report turned up. Captain Hibben had a hasty conference with his chief counsel, Colonel John J. Bradley, who asked for an adjournment of the hearing to give him an opportunity to study the Burns charges. The case was continued to next Monday.

ROME DENIES REPORT OF ATTACK ON MUSSOLINI

Rome, Sept. 4. — Denial was made here today of a report circulated last night that an unsuccessful attempt had been made to assassinate Premier Mussolini while he was motoring from Acquafredda to Rome Sunday night.

The Tribuna today explains the report as having originated in a confusion of the premier's motor car party with two other automobiles which passed along the same road an hour after the head of the government had passed. The report, it says, was widely circulated in financial circles and caused alarm on the stock exchange with consequent fluctuations in the market.

CHASE APPEARS BEFORE CURRAN IN FIRFO CASE

New York, Sept. 4. — Canon William Chase, who is seeking the deletion of his name from the Episcopal roster, today stated he would like his evidence before President Curran, if necessary.

Mr. Chase, after numerous charges, submitted statements that Henry R. Curran, commissioner of immigration, had blocked the movement of his name, and that attorneys for Mr. Curran, having promised, had refused to appear before the board.

Mr. Curran said that Canon Chase had refused to answer a subpoena, in consequence previous statements by Mr. Chase that he voluntarily appeared to stand a hearing.

Following this hearing, Mr. Curran said he would subpoena several more witnesses to appear tomorrow. These witnesses, including Canon Chase and the commissioner, asserted that when Canon Chase had stated the Episcopal board was blocking the movement of his name, he had been withholding necessary evidence for the board.

JUDGE CAVERTY NOW HAS ONLY TO WRITE OPINION

Chicago, Sept. 4. — Judge John R. Caverty, who will decide whether or not to grant a writ of habeas corpus to a woman who has been held in the penitentiary for the murder of young Robert Frank, has finished a digest of the evidence and has only to write his opinion as to the punishment, he said today.

He said that sentence will be pronounced without fail on September 10.

It was reported that the defense is making two surprise moves in case the judge rules the supreme penalty. A plea that the facts have become more serious since their place of custody and a plea that the place of custody is not a place of custody, were expected to have been made. The defense attorneys refused to comment on these reports.

OWEN D. YOUNG RELEASED WITH CHOICE OF SUCCESSOR

(By the Associated Press)

Berlin, Sept. 4. — On his arrival in Berlin tonight to begin the work of reorganizing the German reparations committee, Owen D. Young, American banker and statesman, expressed his satisfaction over the fact that Mr. Parker Gilbert, Jr. of New York, had been named permanent member of the committee.

"We could find no better man to undertake this difficult and important task," Mr. Young said. "His experience and ability of judgment, his perfect knowledge of the situation, and his successful administration of the committee."
